

Dear Hiring Manager,

My name is **Kaveh Taheri**. I'm based in **Burnaby, British Columbia, Canada**.

You can find me on GitHub at <https://github.com/kav3>.

Feel free to reach out to me at hi@kav3.com.

Best regards,

Kaveh Taheri

My CV is attached on the next page.

Latest Open Source Projects

NukeJS - [npm create nuke](https://npm.create.nukejs.com)

nukejs.com

github.com/nuke-js

- Designed and developed a modern **full-stack** JavaScript framework from scratch featuring **SSR**, **file-based routing**, nested layouts, **partial hydration**, built-in API routes, middleware, **HMR**, and SEO management with **zero-config** deployment on Node.js, Vercel and Cloudflare Workers.
- Leveraged **Claude AI** to significantly accelerate development workflows and **reduce development time**.

Work Experience

Founder & Software Engineer

dg.run, Canada

Sep 2026 - Present

- Build and operate dg.run, an **AI-powered platform** for creating and running agents, applications, and websites.
- Develop the full-stack platform using TypeScript, Next.js, Node.js, **AWS**, and AI coding tools (Opencode).
- Develop DNS, TLS, and cloud infrastructure automation from scratch.

Freelance Software Engineer

Self-Employed, Canada

Jan 2025 - Aug 2026

- Build AI products including [ValaJS](https://valajs.com), cvme.app, and miou.app.
- Develop privacy-first, offline AI applications including tarjo.me.

Team Lead

iTrans.ir, Tehran, Iran

May 2014 - Dec 2024

- Led the **architecture and development** of a large-scale online translation platform serving **thousands of clients and a network of 23,000+ translators worldwide**.
- Scaled the platform from a single client to handling **over 120 translation orders per day** through continuous product development and infrastructure improvements.
- Designed and evolved the platform toward a scalable **microservice architecture** using .NET Core, MongoDB, **Node.js**, and Docker.
- Built high-performance **front-end applications with Vue**, improving platform responsiveness and usability.
- Optimized system performance and database queries, enabling the platform to handle **high volumes of translation orders and document processing**.
- Led and mentored a **distributed engineering team**, establishing development standards and improving delivery efficiency.

Senior Web Developer

Railway Transport Co., Tehran, Iran

Feb 2010 - Mar 2014

- Developed a **nationwide ticket sales system** using **.NET and SQL Server**, enabling real-time booking and management across the country.
- Automated operational workflows, reducing manual processing time by 23% and contributing to approximately **\$520K in annual sales growth**.
- Maintained and optimized **databases** to handle high-volume ticket transactions and concurrent users.
- Collaborated with operational teams to ensure system reliability, accuracy, and seamless deployment across multiple regions.

Software Developer

Panid Engineering Co. Ltd. (Pall)

Nov 2005 - Jan 2010

- Developed a **custom ERP** system using .NET and SQL Server.
- Automated sales and manufacturing processes across **two offices and one factory**.
- Streamlined operations, improving workflow efficiency and reducing manual tasks.

Skills

- Programming Languages: **TypeScript**, JavaScript, **C#**
- Frameworks: **Next.js**, **Vue**, NestJS, **Nuxt**, NukeJS, ASP.NET MVC, **Express.js**
- Real-Time & Communication: **WebSocket**, GraphQL, Socket.IO, SignalR, **oRPC**
- AI & Machine Learning: TensorFlow, OpenCode, Ollama, ComfyUI, Claude Code, Prompt Engineering, WebLLM
- Libraries: **React**, Jest, Vite, **TailwindCSS**, Prisma, Entity Framework Core
- Databases: SQL Server, **MongoDB**, MySQL, SQLite, Redis, T-SQL
- Cloud and Infrastructure: **AWS**, Azure, **Kubernetes**, **Docker**, Portainer, **Git**, Vercel, Cloudflare
- Architecture & Patterns: **Microservices**, **CQRS**, Repository Pattern, Unit of Work, **Dependency Injection**
- Methodologies & Practices: **CI/CD**, Agile, DevOps, Test-Driven Development

Education

B.S. in Software Engineering

National University of Skill, Tehran, Iran

2001 - 2005
